

ENERGY SAVINGS & WEATHERIZATION PROGRAM

**Did you know that customers of Eversource
can choose their electric supplier?**

**Would you like to understand the “new look”
of your Eversource bill?**

**No matter how you heat your home, or if you own or rent,
energy professionals can show you ways to lower your
energy bill for immediate and long term-savings**

Staff from the State of Connecticut Public Utilities Regulatory Authority (PURA) will explain the process and provide information about licensed electric suppliers, how you may reduce your monthly electric bill by switching suppliers and whether choosing a supplier is right for you. They will also explain the information on your bill.

A representative from Eversource, Home Energy Solutions, will also explain the features of the Weatherization program and how to apply. The Home Energy Solutions Income Eligible Program, provides a comprehensive energy assessment that can include safety testing on heating, cooling & water heating systems, blower door guided air sealing, LED & CFL lighting upgrades, and water saving measures. .
